

XXXXXXX Telehealth Presentation

Date: XXXXX

XX:00 to XX:00 PM

Videoconference & Live Webstream Instructions

How to call in to the Videoconference:

If you have videoconference equipment, enter the **Conference ID: XXXXX** and then, press the call button to connect.

If your site is NOT registered to the UTN Gatekeeper, you may need to use one of the following dial strings for connecting: [XXXXX@155.99.64.15](tel:XXXXX@155.99.64.15) or [155.99.64.15##XXXXX](tel:155.99.64.15##XXXXX) (for Polycom systems).

Remember to 'mute' your microphone, unless you have a question or comment to share.

Please page the UTN Technical Team at 801.339.1500, if you have any issues with your connection.

How to connect in to the Live Webstream from the public internet:

Remember this is a one way feed to see and hear the presentation. All you need is access to the internet, no downloads are necessary.

Open: [XXXXXXXXXX](#)

At the event start time, click on the 'play button' to view the presentation. You may save this to your 'Favorites' in your Internet Browser.

Please page the UTN Technical Team at 801.339.1500, if you have any issues with your web connection.

How to connect by telephone:

To connect by telephone, please dial **1-801-587-0130**, enter **Conference ID: XXXXX**, followed by # when prompted.

Technical Support:

Please contact us by pager for immediate service.
